apsgrowth

Going into their fifth year as the major sponsor of the Manly Seaside, APS Growth continues to feel so proud to be associated with such a prestigious event. Having played a lot of tennis in his teens, coaching on the Northern Beaches and representing Warringah, it gives Co-Founder Anthony Simon a thrill to see such high quality

tennis throughout the tournament.

Turning a passion and interest in property investment into a profession later in life, provides Anthony with an opportunity to give back to the sport that helped him so much (both financially and an association with quality people and teams). Through APS Growth, Anthony has kept these same values and implements them into the culture of APS Growth.

The Purpose of APS Growth is to assist clients source investment properties with our research and dedication by understanding your current needs and future goals and simplifying the process of buying investment property. One of APS Growth's core 'missions' is to have an informed and educated client. "At APS Growth we want to work beside you and provide you with as much knowledge as you require so you are able to make a decision that will result in achieving your financial independence and goals", Anthony says.

If you're wondering whether it is a good time to buy an investment property with interest rates on the way down and rents continuing to rise, give APS Growth a call on 9905 8878 or visit www.apsgrowth.com
